No. Misc/35/2013-VII/58

Dated: 20.01.2026

VALUATION RULING NO. 2038 / 2026

1. This Ruling shall be applicable until the same is rescinded or revised in terms of sub-section (4) of Section 25A of the Customs Act, 1969.
2. The revision petition against this Valuation Ruling can be filed, under Section 25D of the Customs Act, 1969 within 30 days before the Director General, Customs Valuation.
3. The values in valuation ruling shall be applicable to the given description and specification of goods.

Subject: DETERMINATION OF CUSTOMS VALUE OF USB DATA TRAVELER / USB FLASH DRIVE / MEMORY CARD UNDER SECTION 25A OF THE CUSTOMS ACT, 1969.

1.	Valuation Ruling	This Valuation Ruling supersedes Valuation Ruling No. 1171/2017 dated 25.05.2017
2.	Date of meetings with stakeholders	The meetings with relevant stakeholders were conducted on 13.11.2025

3. **Background of the Issue:** The customs values of the subject goods had not been revised since 2017. Moreover, the Directorate received a representation dated 29.09.2026 from M/s. SanDisk Corporation seeking revision of the existing Valuation Ruling on account of upgraded capacities and advancements in flash drive and memory card technology. Accordingly, in view of the analysis of import clearance data, prevailing market trends, and the disparity between market prices and declared customs values, an exercise for the determination of customs values of the subject goods was initiated under Sections 25 and 25A of the Customs Act, 1969.

4. **Stakeholders' participation in determination of Customs values:** A meeting was convened to deliberate in detail on the issues relating to the valuation of the subject goods. During the meeting, the participants contended that the existing valuation ruling reflects values on the higher side when assessed against prevailing international prices. They asserted that the current market conditions do not justify the continuation of the presently determined values. However, the participants ultimately submitted their proposal without furnishing any supporting documentary evidence, including export Goods Declarations and invoices, to substantiate their claims.

5. **Analysis / Exercise done to determine Customs Values:** The viewpoints of the stakeholders were analyzed, and a detailed examination of import data for the preceding ninety (90) days was

conducted, in conjunction with a representation submitted by importers. They were requested to submit relevant import documents to substantiate their contentions, however they failed to submit the same. For the determination of customs values of subject goods, ninety (90) days' data was retrieved and the same was thoroughly scrutinized. Market inquiry was conducted and examined in the light of this Directorate's Office Order No.17/2014 dated 19-03-2014 and in terms of Section 25(7) of the Customs Act, 1969.

6. Method(s) adopted to determine Customs Values: The valuation methods prescribed under Section 25 of the Customs Act, 1969 were applied in a sequential manner in accordance with the law. Initially, the transaction value method under sub-section (1) was examined; however, it was found inapplicable due to significant variations in the declared values, which were not in conformity with prices reflected in relevant international publications. Moreover, the documentary evidence required under sub-section (2) was either incomplete or inconsistent, thereby rendering the declared transaction values unreliable. The valuation methods based on identical and similar goods, as provided under sub-sections (5) and (6), could not be applied due to the non-availability of relevant import data. Consequently, a market inquiry as envisaged under sub-Section (7) of Section 25 of the Customs Act, 1969 was also conducted as per procedure of Office Order No. 17/2014 dated 19-03-2014 wherein various markets were visited, and the actual prices of subject goods were acquired. As a result, after adjusting the amounts of profits, the C&F value was determined under Section 25(7) of the Customs Act, 1969 which are as under.
