

C. No. Misc/14/2018-II/2021-II/*Dir-26*Dated: *24*-06-2026**VALUATION RULING NO. *2094* / 2026**

1. This Ruling shall be applicable until the same is rescinded or revised in terms of sub-section (4) of Section 25A of the Customs Act, 1969.
2. The revision petition against this Valuation Ruling, can be filed under Section 25D of the Customs Act, 1969, within 30 days before the Director General, Customs Valuation.

Subject: **DETERMINATION OF CUSTOMS VALUES OF PERFUMES / EAU DE TOILETTE / EAU DE COLOGNE UNDER SECTION 25A OF THE CUSTOMS ACT, 1969.**

|    |                                    |                                                                                 |
|----|------------------------------------|---------------------------------------------------------------------------------|
| 1. | Valuation Ruling                   | This Ruling supersedes earlier Valuation Ruling No. 1840/2024 dated 12.01.2024. |
| 2. | Date of meetings with stakeholders | Meetings with the relevant stakeholders were held on 18.03.2026 and 08.04.2026. |

**Background of the Issue:** The Customs values of Perfumes / Eau De Toilette / Eau De Cologne were earlier determined under Section 25A of the Customs Act, 1969 vide Valuation Ruling No. 1840/2024 dated 12.01.2024. The said Valuation Ruling has remained in field for considerable time and required review in view of prevailing international market prices, import trends, declared values, variation in brands / categories, market conditions and overall valuation scenario of the subject goods. Perfumes / Eau De Toilette / Eau De Cologne are imported in different brands, categories, qualities, packing sizes, specifications and commercial levels. Therefore, an exercise was initiated by this Directorate for fresh determination of Customs values of Perfumes / Eau De Toilette / Eau De Cologne under Section 25A of the Customs Act, 1969.

**2. Analysis/Exercise done to determine Customs Values:** Meetings for determination of Customs values of the subject goods were held on 18.03.2026 and 08.04.2026, which were attended by the relevant stakeholders. The issues relating to valuation of Perfumes / Eau De Toilette / Eau De Cologne were deliberated upon in detail. The participants were requested to submit relevant documents, including import invoices, sales tax invoices, import data, market evidence, price lists and other supporting documents in support of their contentions and declared transactional values. The submissions and proposals received from the stakeholders were examined. For the purpose of valuation, available import data was retrieved and scrutinized with reference to declared values, assessed values, description of goods, brand categories, origin, quantity, packing size and other relevant factors. Market inquiries were also conducted to ascertain prevailing market prices of the subject goods. After considering the available import data, market information, previous Valuation Ruling, stakeholder submissions and other relevant information, the Customs values of Perfumes / Eau De Toilette / Eau De Cologne have been determined accordingly.

**3. Stakeholders' participation during the Meetings:** Meetings with stakeholders were convened on aforementioned dates. Their viewpoints were heard upon in detail and they were requested to submit relevant documents to substantiate their contentions for the determination of customs values in accordance to prevailing market conditions and trends.

**4. Method(s) adopted to determine Customs values:** The valuation methods specified in Section 25 of the Customs Act, 1969 were duly considered in sequential order to arrive at the Customs values of the subject goods. The transaction value method as provided under sub-section (1) of Section 25 of the Customs Act, 1969 was examined; however, the same could not be solely relied upon due to

variation in declared values and absence of complete and verifiable information as required under sub-section (2) of Section 25 of the Customs Act, 1969. The methods based on identical and similar goods, as provided under sub-sections (5) and (6) of Section 25 of the Customs Act, 1969, were also examined for applicability. However, the same could not be solely relied upon due to variation in brands, categories, packing sizes, commercial levels, declared values and market positioning of the subject goods. Market inquiries, as envisaged under sub-section (7) of Section 25 of the Customs Act, 1969, were also conducted and provided reference values for determination of Customs values. In line with the statutory sequential order of Section 25, the computed value method as provided under sub-section (8) of Section 25 of the Customs Act, 1969 was also examined; however, the same could not be applied due to non-availability of credible and verifiable information regarding cost of materials, manufacturing expenses, conversion cost, overheads and associated expenses in the country of export. Accordingly, the Customs values of the subject goods have been determined under sub-section (9) of Section 25 of the Customs Act, 1969, read with sub-section (7) thereof and Rule 121(2) of the Customs Rules, 2001, by applying reasonable flexibility to the deductive value method in conformity with the aims and provisions of Section 25 of the Customs Act, 1969.

**5. Customs Values for Perfumes / Eau De Toilette / Eau De Cologne - hereinafter specified** shall be assessed to duty / taxes at the Customs values mentioned separately for each brands category against them in the Table below:

**Notes:**

- The above values do not apply to the imports made directly by Multinational Companies from their sister concern of same name. Such consignments shall be assessed in accordance with provisions of Section 25 of the Customs Act, 1969 and kept under close watch. Any anomaly observed may be taken cognizance of and reported to this Directorate General.
- Consignments of Brands not mentioned in the above table may be assessed by the clearance Collectorates on the basis of identical/similar goods method under Section 25(5) & (6) of the Act.
- If the item is imported in Gift / Kit Set form, each item in the Gift / Kit Set shall be assessed separately as per values mentioned in the relevant Valuation Rulings.
- Variants of aforementioned brands, if not already mentioned in the Valuation Ruling, shall be assessed on the value determined for the main brand.

6. In cases where declared values or values in invoice retrieved from the consignment, as the case may be, are higher than the customs values determined in this valuation ruling, the assessment shall be made on higher values in terms of sub-section (1) of Section 25 of the Customs Act, 1969.

7. In case of consignments imported by air, the difference between air freight and sea freight shall be added for the assessment of value.
8. The Valuation Ruling shall be applicable for the descriptions and specifications of goods as mentioned in the aforementioned table. HS/PCT Codes are mentioned for illustrative purposes.
9. The Collectorates of Customs shall ensure the implementation of Valuation Ruling and in case of any anomaly may be brought to the notice of this Directorate immediately.

  
(Azhar Husain Merchant)  
Director
